Lanston Monotype stock sold at a gain of a quarter of a point over yesterday, a total of thirty shares changing hands at 71.

There was also demand for Capital Traction stock at 78½, during the call, and after that 78 was bid for ten shares, without dislodging any of the stock. The lowest offering was asked Senator Pittman.

"As 1 understand the testimony in this case, the company, because of its observations during 1916 did not want to enter into a contract with the employee because the company believed the men were dominated by the Amalgamated Association, is that "ght?" asked Senator Pittman.

"Then what does this letter mean."

Then what does this letter mean."

The grievance committee falled to keep a tentative appointment on March 9, but this letter was written on February 27. Was there any change in the situation between February 27 and March 5 when the individual contract was offered the men? Says Union Ruled Men.

The witness replied that the deshowed that the employes were dom- Ten-Cent Boost Contemplated By inated by the union. "Did you company really want to negotiate with its empreyes?

"We did if it were possible to deal with them with the union eliminated,"
the witness responded.
"And you had siready found that

and Electric Company would accept a contract similar to that made by the Capital Traction Company with Senator Pittman then asked this

"As a matter of fact it would have been immaterial what the Commissioners said about a contract with the men en mass, your company would not have dealt with them.

ian't that so."

Mr. Ham relievated that the company would not have objected to dealing with the men in a body if

made in a jorular way.

He testified that at no time did of June 13, 1898, as amended, com-

Navy Gun Experts at Inquest MEMPHIS IGNORES

Testimony Regarding Effect of Age on Shells to Authorities Will Not Prese-Come Out at Investigation of Mongolia Tragedies.

Expert teatimony by naval authorities that will show just what the effect of age is on a gun shell will be given in an inquest into the deaths of two Red Cross nurses in the mysterious accident aboard the liner Mongolia.

All shells aboard the Mongolia have been removed to the Brooklyn navy yard for investigation.

That most of the ammunition furnished to armed American merchantmen apparently was manufactured from the steamers St. Louis and Mongolia.

At least one shell from a lot taken appired to the surprise of the best type known and most of them absolutely new.

At least one shell from a lot taken appired to the first type-from the steamers St. Louis and Mongolia down over night. Where

men apparently was manufactured during or just after the Spanish-American war—at any rate prior to 1900—was an outstanding feature of a report made to Secretary Daniels

by Rear Admiral Earle, chief of ord-nance of the navy.

Because of the premature bursting of such shells on armed liners, it is probable that all the reserve ammuni-tion made before 1900 will be "acrap-
